Budget Note:

The above budget will be used to complete the construction of the below structure which will be used for their science lab. The presence lab is small to accommodate the growing number of students offering sciences. We will complete the below structure by building the walls, roofing, plastering, flooring, painting, providing a drainage system etc. **The building is 12 meters long by 6meters** and this more than a normal classroom.

Join us in giving hope, education and livelihood opportunities to less privilege children, women and disadvantage people in our communities
