

Final Report of for Fencing a Wire in the Kid's Play Station

Shree Chunadevi Secondary School

Changu Narayan – 6, Bhaktapur

The Wire Fencing Project Team of Chunadevi Secondary School completed the project by fencing the wire at kids play station to protect children's from falling down, to protect playing equipments from being harm by the public people and domestic animals as this school is located in the community where people engaged in agriculture and animal husbandry. After installation of the of the equipment and fencing the wire it is ready for the kids to play on it with safely. And children's already started to play in the lunch and in leisure time. The school management and students are very happy and grateful.
