

Final Report
Concrete Blocks Pavement
Aankura English Boarding School
Dharamghar, Dolakha

The Concrete Stone Pavement Project in the school ground is completed by the project team. Before the ground was full of dust and mud. It was very difficult for the students to play, to conduct assembly and to organize other extracurricular activities in the ground. Now after completion of concrete blocks pavement there is no dust and mud. All the students can play, conduct assembly and can organize other extracurricular activities in the ground. The students are very excited and happy. The school management is very grateful to TGUP and to the LSF/E4E.

Morning Assembly

Students happily playing in the ground
