

Project Summary

Playground for Global English Boarding School, Lamjung, Nepal

Project Name:

Playground for Global English Boarding School

Project Location:

Lamjung, Nepal

NGO Partner:

Little Sisters Fund (LSF)

Project Cost:

\$980 (total cost is \$2,454 but the school and community are contributing 60%)

Project Summary:

- * The school does not currently have any playground equipment at all.
- * The students just run around in a dirt field for exercise and play.

The Global Uplift Project, in partnership with the Little Sisters Fund, will help fund the construction and installation of playground equipment for the Global English Boarding School. The school population is comprised of a mix of castes including 'untouchables' (Dalit), Brahmin, Janajati, and Chhetri.

There are 500 students from nursery school to 12th grade supported by a very dedicated staff. The school has a large area sufficient in size to support the playground equipment. Included in this project will be 3 slides, 4 swings, and 3 seesaws. Students who are allowed to play show increased performance in academics and health.

The school and local community are contributing 60% of the total cost of the project. This is a student-led initiative with backing from the community, school, and Ministry of Education.
