

## TGUP's Science Lab in a Box School Application

TGUP's Science Lab in a Box (SLaB) is available at no charge to schools that are qualified to use it appropriately. Please complete the below questions and return the completed form by email to [cathyd@tgup.org](mailto:cathyd@tgup.org).

School Name, Address, and website: KAKOOLA HIGH SCHOOL, LUWEERO  
UGANDA www.kakoolahighschool.ac.ug

Principal's name and email address: WAGABA MIKE wagabamike@gmail.com

Senior Science Department official overseeing SLaB, and email address:

KIYIMBA IVAN kiyimbaivan@gmail.com

Does your school have dedicated space for a science lab? YES

Does that space have adequate work areas for conducting experiments? YES

Does that space have locking cabinets to ensure security of equipment? YES

Does the room have electricity? YES water? YES gas? YES

Circle which laboratory classes are part of the school's formal curriculum:

Biology Chemistry Physics Other: AGRICULTURE

Is there a dedicated, university-trained teacher for each class? YES

Does your school meet the standards for national university matriculation? \_\_\_\_\_

How many students in the school? 1549 # Boys 760 # Girls 789

How many teachers in the school? 55

# of students who study laboratory science in any given year 1450

# who study Biology in any given year: 1309

# who study Chemistry in any given year: 1321

# who study Physics in any given year: 1248

% of students who matriculate every year to college or university 18.7%

Is your school willing to provide structured feedback to TGUP on:

- Specific outcomes at the experiment level? YES
- Overall outcomes at the class level? YES
- Improvements on standardized national tests at the school level? YES
- Improvements to matriculation at the school level? YES

Name (if any) of the TGUP partner who has brought SLaB to your school's attention:

None

School Principal's signature and date:

18/07/2024

Science Dept. Official's signature and date:
