

Resources to Help You Share TGUP's Save a Girl Campaign with Everybody You Know

These simple resources will help you share TGUP's *Save a Girl* campaign. We're trying to reach as many people as possible, so SHARE AWAY!

These are the essential VIDEOS, to make it super easy:

- [This is a one minute video](#), This is The Global Uplift Project.
- [This one minute video](#) shows the need for *Save a Girl*.
- [This is a three minute video](#) of Brenda Birrell explaining the campaign.

These are the essential DOCUMENTS, to give substance:

- [This is the one-page flyer](#) explaining the campaign.
- [This is the Project Success Story](#) showing what we've done to date.
- [This is a "Think Piece"](#) with more depth about the need and solution.
- [This talks about our sewing centers](#) where the SaG kits are sewn.
- [This shows thumbnails](#) of every project TGUP has ever completed

[This document is at tgup.org/sag for live links](https://tgup.org/sag). If we will all fund just one kit, and ask everyone we know to do the same, this will work. THANK YOU!
